

## ESTIMATES FOR COST OF BONUS NOW THREEFOLD

### American Legion Sets Total Amount at \$300,000,000

WASHINGTON, March 26.—Prediction that the revenue and soldier bonus bills would be reported to the senate by the finance committee within two weeks and that action on the measure would be forthcoming, was made today by Republican leaders as the committee proceeded with a study of both bills.

With the floor fight approaching, Democrats worked over their substitute income tax schedule and some intimated the maximum surtax rate of 44 per cent in the Garner plan would be cut to 40 per cent with a general revision of the brackets to which the various rates would apply.

The immediate attention of the committee was centered again today on the variance in cost estimates of the bonus bill. The American Legion in presenting an estimate of \$300,000,000 as the probable cost of the measure in comparison to the \$4,850,000,000 estimate of Joseph McCoy, treasury actuary, and the estimate of \$2,119,000,000 made by the house on the basis of a report from the veterans' bureau actuary, H. P. Brown.

Ask for Figures. The committee has called upon army and navy officials for figures on the exact number of veterans entitled to the bonus of \$500 per year in living with the average length of service of veterans on which the average disallowance of the bonus would be based.

The other main point of difference between the actuary's estimate and the veterans' bureau estimate is the estimated cost of the bonus.

The committee's estimate of work today on the revenue measure clearing up some remaining administrative provisions. The question of the bonus bill's priority over the tax measure was decided upon after the finance committee closed.

Sounding Forces. Leaders of both parties have been quietly sounding out their forces on the in one or the other.

Senator La Follette, Wisconsin leader of this faction has not announced his plans, but Senator Norris of Nebraska and Brookhart of Iowa have declared openly for retention of the present surtax rates with a maximum of 44 per cent, a greater reduction in normal rates than provided in the Mellon plan and for liberal exemption. The Mellon scheme provides for no change in the exemptions allowed in the present law.

The senate insurgents swing to the Democrats, the outcome would hinge on the number of Democrats supporting the Mellon rates. In view of this Democratic leaders are drawing their substitute rate schedule with a view to harmonizing the various elements admitting that several of the party favor lower surtax rates.

## "MELLON COMPANIES" TAX RECORDS GIVEN AS PROBE EVIDENCE

### Charges of Incompetency Made Against Former Chiefs

WASHINGTON, March 26.—Tax records of the "Mellon companies" were brought today to the committee room of the special senate committee investigating the internal revenue bureau but the committee did not read them during the session.

It was time occupied with Charles F. Brown, an appraiser engineer dismissed from the bureau last year.

Brown recounted the circumstances of his dismissal, making charges of incompetency against his former chiefs, also separated from the bureau later. He declared specifically, however, he had no knowledge of any graft or corruption with the bureau.

Pressed by Senator Watson, Republican, Indiana, to say whether he had knowledge of any influence on the part of Secretary Mellon or anyone else to bring about a liberal construction in the case, he said he had not.

The Mellon companies' books, which a letter from Secretary Mellon to the committee yesterday said would be made available, consisted of a large number of massive volumes which were not examined today nor were the names of the companies whose tax records they contained put into the committee minutes.

## SMITH MESSAGES TO WIFE ARE PRESENTED IN DAUGHERTY CASE

### Claims His Wife Lived High and Left Fortune at Death

WASHINGTON, March 26.—Senate investigation into the administration of Attorney General Daugherty was continued today at another public session with a bare mention of \$200,000 made in a few days by "five men" unnamed, through a "black market" deal in Sinclair Oil, as the most salient feature.

As before, Roxie Stinson, the divorced wife of Jess W. Smith, who shot himself in the attorney general's apartment last summer was the star witness. Her story, people with notions of considerable sums of money passed to her by the dead man during the two years of his association with Mr. Daugherty was amplified by the introduction of scores of telegrams, taken from files in Washington, Palm Beach and Washington Court House, Ohio, and a few letters from Smith to her.

Many Messages. The wire messages, some trivial and others obscure in terms and references, were signed by persons whose names in some cases have been heard by the committee.

Of the \$225,000,000 deal Miss Stinson said she had been told by Jess Smith, before his death, that he had paid \$100,000,000 for the "black market" deal in Sinclair Oil, which she said he had lost "in on it."

Summed up, Miss Stinson's account, drawn out by Senators, was that Smith came to Washington worth perhaps \$100,000; that he gave her "several thousand dollars," that he "lost heavily" in stock market transactions, that he paid his last share of \$50,000 per year in living with Attorney General Daugherty and that he died with \$214,000 in assets listed by the probate court, whether he had more at death, she said she did not know.

All thru her examination, Paul Howland, and former Senator Chamberlain, Mr. Daugherty's attorney, waited for an opportunity to cross-examine. Their opportunity would come tomorrow, he chairman said.

Manhattan Returning. Outside of the committee's records Secretary Hughes sent to the chairman a letter saying that toward Manhattan, of Ohio now in Paris intended to start for the United States March 27. He has been named in testimony as a friend of the attorney general's.

## WANT REDUCTION IN RAIL RATES TO HELP FARMS

### Congress Approves a Resolution Looking to Change

WASHINGTON, March 26.—(AP) Reorganization of the freight rate structure to bring about the lowest possible rates on agricultural products and livestock at the earliest time practicable would be ordered by Congress under a resolution approved today by the senate interstate commerce committee.

Chairman Smith announced he would press for early action on the measure which would declare a general policy with respect to farm freight rates in line with that recommended by President Coolidge in his first annual message to congress last December.

Several proposals for a horizontal decrease in farm rates by the interstate commerce commission have been made in the senate, but in approving Chairman Smith's resolution the senate committee decided it would be unwise to dictate any specific rate.

"This resolution," said Senator Smith, "is for the purpose of declaring the policy of the congress as to freight rates on agricultural products and directing the interstate commerce commission to carry this policy into effect."

The resolution "Congress having delegated to the interstate commerce commission the power to make rates, it was thought unwise to attempt to dictate any specific rate, but to direct the commission that in the exercise of its rate-making power that the products of agriculture should carry the lowest rate in the rate structure."

"This because the products of agriculture are the prime essentials of the economic structure of organized society. These products are produced under circumstances that do not permit the producer to pass the charges incident to their marketing to the consumer."

"The agriculturalist pays the freight upon what he has produced. It is, therefore, his right that provision should be made to make his burden light as possible, and to do this the interstate commerce commission is hereby directed to do the thing he produces."

The proposed declaration of policy by congress is in the language: "That agriculture is hereby declared to be the basic industry of this country and that it is the policy of congress to promote, encourage and foster the agricultural industry in furtherance of which the interstate commerce commission is hereby directed to do the thing he produces."

## Premier And Cabinet Of France Quit Posts

### Paris, March 26. (AP) Premier Raymond Poincare, with his entire cabinet, resigned from office today and announced his decision was final. But tonight there is every reason to believe that he will acquiesce tomorrow in President Millerand's request that he resume office at the head of the ministry.

M. Poincare's official acceptance of President Millerand's request is regarded as a foregone conclusion by the vast majority of those identified with French political affairs.

The advice tendered to President Millerand by both M. Doumergue and Poincare, presidents of the senate and chamber, respectively, that M. Poincare was indispensable as premier and the conviction of M. Millerand himself that the "prix" vote in the chamber did not reflect lack of confidence of the parliament in the premier personally caused the president to dispense with the usual consultation in such cases with other prominent statesmen and send for M. Poincare immediately.

The defeat of the government in the chamber was on a question of minor importance. The premier himself was not present and there were few deputies in the chamber. The vote against the government was 271.

The cabinet's resignation was accepted by the president and the premier was asked to carry on. The cabinet's resignation was accepted by the president and the premier was asked to carry on.

## AL JENNINGS TO TAKE STAND IN OIL CASE TODAY

### Resignation of Clarence C. Chase is Accepted

WASHINGTON, March 26.—(AP) The senate oil committee turned today from its public inquiry to consideration of pending legislation, but there were several developments incident to its labor outside the committee room.

The contempt case of Harry P. Sinclair, Lessee of Teapot Dome who refused to answer questions before the oil committee is to be presented tomorrow to the District of Columbia supreme court.

The treasury accepted the resignation of Clarence C. Chase, son-in-law of Albert B. Fall, as collector of customs at El Paso, Texas, but the house judiciary committee failed to act on the impeachment proceedings as a result of his refusal to respond to questions before the oil committee.

President Coolidge was assailed in the senate by Senator Walsh, Democrat, Montana, "prosecutor" because he did not "voluntarily dismiss" Chase from office immediately after the testimony of Prince McKinney that the customs collector had sought to have him agree to say he had loaned Fall \$100,000.

At Jennings, one time train robber, but now evangelist and politician, arrived in Washington and announced he would have "a whale of a story" to tell the oil investigators tomorrow, concerning an alleged oil deal at the Republican national convention in Chicago in 1920.

The subpoena was issued for William Boyce Thompson, of New York, formerly chairman of the finance committee of the Republican national committee who is to be questioned about the methods of wiping out the \$1,600,000 deficit the national committee had after the 1920 campaign.

Chairman Ladd made it known that a majority of the oil committee had voted adversely on the nomination of Samuel Knight of San Francisco to be special counsel in suits for the recovery of oil lands in the Elk Hills reserve in California and there were intimations that the nomination might be withdrawn.

The securities were impounded in the possession of the clerk of Justice Stafford after Charles B. Brewer, special department of justice attorney who had indicated condition of the bureau filed suit to prevent Secretary Mellon and Attorney General Daugherty from obtaining the bonds which were in his possession.

Brewer who put forward charges of irregularities which resulted in President Harding two years ago dismissing 28 employees and officials from the bureau today dropped his suit, he declined to assign any reason.

## LATE REPORTS SHOW BETTER CONDITIONS THRUOUT COUNTRY

### Increase in Production and Employment is Indicated

WASHINGTON, March 26.—A further increase in production of basic commodities and a slight increase in employment for February and early March were reported by the Federal reserve board today. Wholesale and retail distribution also continued during the period covered in the monthly summary of business conditions.

Factory employment alone rose one per cent in February after declines in payrolls in the three preceding months and thru a reduction in the part time employment the average weekly earnings of this class of labor was about five per cent over January.

Building activity also slightly lower in February than in January appeared only to have slackened for a fresh start.

Steel Production. The department of commerce figures on production show that 275,118 tons of steel products were used in February while a year ago the production was only about 237,000 tons. This output, it was asserted, represents a practically 96 per cent of the plant capacity.

In connection with steel manufactures the government statement shows an iron ore consumption of 4,783,900 tons against 4,688,000 tons in January and 4,671,000 in February, 1923. Stocks of iron ore at furnaces and lake docks aggregated 29,258,000 tons at the end of last month, a decrease of about one million tons from the stocks of the same date last year. January stocks, however, were larger than those held the first of this month or on the same date a year ago. In the financial field the Federal reserve board's survey showed that the volume of borrowing continued the increase thru February and the first half of March that was begun in January. On March 12, total loans of reporting banks were higher than at any time since the seasonal peak at the turn of the year and about \$275,000,000 greater than a year ago.

There were decreases, however, in the volume of discounts with the federal reserve banks, but these, the board's statement showed, were more than offset by increases in the holdings of United States government securities.

## JOHNSON TAKES NARROW LEAD IN S. DAKOTA RACE

### Coolidge Trailing by About 500 Votes at Last Report

ST. LOUIS, March 26.—Senator William Johnson of California, moved into the lead over President Coolidge as additional precinct returns came tonight from Tuesday's Republican presidential primary in South Dakota.

As the day's returns trickled in the president had held a narrow margin but coming down the stretch tonight the Californian wore down the Coolidge advantage, going into the lead when 1415 of the state's 1825 precincts had reported.

Johnson's margin in those precincts, according to unofficial figures, was a scant 126 votes and in the next two precincts reports he added six more to his majority, the vote giving Coolidge 34,945 and Johnson 35,071.

When 1299 precincts had reported on the Republican senatorial contest, the count was, McClellan 37,957; Sterling 28,859.

Lead Increases. Johnson's majority was further increased in the next fifty precincts to report, his lead growing to 495 when returns from 1365 precincts gave him 35,948 to 35,453 polled by the president.

Rural returns from the central part of the state, coupled with earlier complete reports from some of the Johnson strongholds in the northeastern section, brought the senator to the front.

Watching the trend of the returns tonight, Johnson stated that the V. H. A. Master, with whom he had "tamed" had increased his majority over Senator Thomas Sterling for the Republican senatorial nomination.

While Senator Johnson was overcoming the Coolidge lead, Governor W. H. A. Master, with whom he had "tamed" had increased his majority over Senator Thomas Sterling for the Republican senatorial nomination.

## SPECIAL GOVERNMENT ATTORNEYS LEND AID WITH SINCLAIR CASE

### Objections Made to Knight as Special Oil Counsel

WASHINGTON, March 26.—At the request of the department of justice, Albee Pomerene and Owen J. Roberts, special government attorneys, will assist District Attorney Gordon in the Sinclair case together with the indictment there will be presented to the grand jury with the record of the refusal of Sinclair to answer the general statutes governing in such cases.

The life of the present grand jury expires next Monday but the district attorney hopes to obtain a continuance.

Secretary Mellon accepted the resignation of Chase after he had been advised by Senator Walsh that no proceedings which might be taken by either house of congress would be embarrassed in the slightest degree by that action.

The treasury secretary communicated with Senator Walsh because as his letter stated, he did not desire to accept the resignation if it would prove embarrassing in any contemplated action by congress.

Eight of the thirteen members of the oil committee have cast their ballots against the continuation of Samuel I. Knight as oil counsel in the Elk Hills case. Senator Walsh stated that he had voted against him on the ground that he was counsel for the Equitable Trust company, described by the senator as a Rockefeller bank.

The Standard Oil company of California operates one of the barrels of oil lands sought to be recovered.

Senator Shortridge, Republican, California, who recommended the appointment of Mr. Knight, takes the position that confirmation by the senate is not necessary and some members of the oil committee entertain the same view.

## RETURN OF BERGDOLL AS YET UNANNOUNCED TO U. S. GOVERNMENT

### Usual Price for Deserters Will be Paid for Capture

WASHINGTON, March 26.—If Grover Cleveland Bergdoll returns to the United States some person may earn an easy \$50,000. War department officials said today the government would pay that sum for Bergdoll's apprehension, just as it pays for the delivery of other deserters.

Bergdoll's return, however, it was added, would be attended by the presence of department of justice officers or members of the military police force on duty at the spot where he landed, and if one of them approached him no payment would be made.

State and war department officials have received no reports

## ILLINOIS COLLEGE NOTES

A member of the board of Trustees has made a gift to the college of a new building for the purpose of housing the library. The building is to be located on the corner of the campus where such illumination is most needed. Plans for the erection of the building and the installation of the lights are now being made and construction will take place during the summer recess.

The trustees' gift of a phonograph to the Modern Language department is a valuable addition to the club, each of which will purchase a set of conversation records that will include the elementary and more advanced language records. The French club has already purchased its language record, and enjoyed them as a part of the program at their last meeting.

A new telescope is being installed at the college which will save the members of the astronomy club an opportunity to observe the heavenly bodies at close range. The new telescope will greatly facilitate the instruction of the club in the movements and details of the stars and planets in the celestial sphere.

Some notable values just received in new Spring Suits. Fifth Ave. styles at our low prices.

## ABE WEISS, MOVING TO NEW LOCATION

Abe Weiss is transferring his goods and store equipment from the building near the southeast corner of the square, where he has been doing business for the past eight years, to the remodelled Dunlap-Russell building on the southeast corner of the square north of State street. He expects to have the work of moving completed by tonight. The tailor shop will be located on the second floor and the store on the first floor. The new quarters have been attractively arranged and are fitted to accommodate the business of the firm.

Now is the time to secure the new Fur Choker to finish the spring suit. FRANK BYRNS Hat Store are showing the new styles.

FUNERAL NOTICE

The funeral of Mrs. Ella K. Sheehan will be held this morning at 9:30 at the Church of Our Saviour, afterward will be held in Calvary Cemetery.

Don't miss the GRAND MARCH at Auto Inn tonight.

# NORTH DAKOTA VOTE IS SPLIT THREE WAYS

PARTISAN and non-partisan groups in North Dakota are split three ways in their opinion as to the result of the election held last night. The non-partisan group, which includes the United States senators, believe that the election was a fair one and that the result was a reflection of the popular will. The partisan groups, however, believe that the election was a fraud and that the result was a reflection of the manipulation of the vote.

## JUNIOR HIGH ANNOUNCES ALL STAR B. B. TEAMS

Official Announcement Made Yesterday of All-Star Basketball Teams of Junior High School.

The Junior High School of the David L. Smith Junior High School was organized yesterday afternoon, when the following teams were selected by Coach John E. Smith of the high school, and Miss McDaniel, director of the Physical Education department of the Junior High School.

The teams were placed on All-Star teams through exceptional playing ability in guarding, passing, shooting, or in any one of the qualities that make for a good basketball player. These teams are continuing practice for basketball games with the Junior High School of the First Baptist Church on Friday afternoon.

The following are the All-Star teams: Forward, Byron Campbell, center, Marvin Rogers, guard, Ed. Smith, guard, Howard Brown, guard, Alben Nunes, forward, Ross Roy, sub.

Second Team: Captain Lucius Johnson, forward, Arthur Woodman, forward, Robert Lewis, center, Randall Doyle, guard, Fred Hindsell, guard, August Ulrich, sub.

Hear former Gov. Frank O. Lowden, at the State Arsenal in Springfield, tonight, 8 o'clock. Everybody invited.

## Billy Evans SAYS

A major league ball club without a competent shortstop or second baseman plays under a serious handicap.

This fact was proved in the case of the Detroit club last season. Inability to get a regular, capable of going at top speed at second base, undoubtedly hurt the Tigers' chances.

Perhaps more ball games are lost by faulty work around second base than any other position in the infield.

An incompetent shortstop or second baseman can create such a situation around the key as to make the rest of the team suffer.

Last season second base was the big problem at Detroit, aside from pitching. This year it may be shortstop or both.

At the start of last season Topper Rigney at Detroit was regarded as one of the coming stars of the American League, the most promising shortstop in years.

Then came trouble with his hip shortly after the season opened that kept him out of the game for several weeks. The club suffered in his absence. On his return to the game he seemed to still feel the effects of his trouble. Working under such a strain his play naturally suffered.

At various times during the winter reports came from the south that Rigney's physical condition was not of the best, that there had been a return of the hip trouble.

The truth of such reports seems to be borne out by a recent happening at Augusta, Ga., the training camp of the Tigers. Rigney has been ordered north to consult a noted specialist in the hope that he may be put in shape to start the season.

If Rigney is unable to play it will be a tough break for the Tigers, who have a pennant possibility.

Weakness at short and second would just about ruin Detroit's chances regardless of the great strength of the club in other departments of play.

It seems Manager Cobb is not done in his shortstop worries. John McGraw, famous leader of the New York Giants, also appears a bit perturbed.

Last winter McGraw traded Dave Bancroft, the most valuable shortstop in the National League, to Boston to help his pitching staff and outfield.

The passing of Bancroft put the shortstop problem up to the sensational youngster, Travis Jackson. McGraw said he would fill the bill.

Reports from the south by the New York baseball experts state that Jackson is having trouble getting started. It would be almost a tragedy for McGraw if he failed to come through after the Master Mind cut loose from Bancroft.

## ROUTT HIGH TEAM ARRIVES IN CHICAGO

Captain and Eight Men Make Trip to Chicago to Enter in National Catholic Interscholastic Basketball Tournament.

Captain and eight men of the Routt High School basketball team left for Chicago yesterday afternoon, where they will participate in the National Catholic Interscholastic Basketball Tournament promoted by Loyola University. They will play the third game of the tournament this morning at 11 a. m., when they back up against the strong St. Patrick's aggregation from Pueblo, Colo., champions of the Rocky Mountains and one of the first teams to be entered.

The Purple and White will play without their center, Norris. All year he was hovering just above the brink of eligibility, and when semi-finals came in, his hands rubbed him out. Undoubtedly, it will weaken the team, but with McKivitt filling the gap, and he is playing well and smoothly with the regulars, it is not expected to be a serious damage. While Coach Noonan announced no lineup, it is probable that March will be at center, Captain Murphy and McKivitt at forward, Gebert at running guard and Cleary at the standing position. The other three men to go are Ryan, Costello and Henry.

ROUTT HAS SET QUOTE A FINE CLAY IN BASKETBALL CIRCULES AROUND THIS PART OF THE COUNTRY. They have played the better teams of this community, and in their final game, defeated Waverly by the top-heavy score of 45-19. They won 11 of their 14 games, making the last nine in a row.

A number of Routt students accompanied the team to Chicago, and if Routt is successful in her first game, others are planning to attend the tournament.

FRED SCHLIEBER IS OUT WITH INJURY Mobile, Ala., March 26.—Fred Schlieber, first baseman of the St. Louis American League Club was taken to a hospital today suffering with an infected left foot and leg. He will be under medical treatment for at least a week.

Chet Thomas, former Cleveland catcher, signed by Manager Geo. Sisler of the St. Louis Browns as a coach for the pitchers reported here today.

SALT LAKE CITY FIVE DISQUALIFIED Salt Lake City, Utah, March 26.—Confession by Max Foote that he was over age has caused Latter-day Saints University High School of Salt Lake City to forfeit its claim to the Utah State High School basketball title which it won in the recent tournament.

It was also stated that as a result of this the L. D. S. will drop all arrangements to go to participate in the national tournament.

ATTENTION K. OF C. Regular meeting tonight. All members urged to be present.

TENNIS SINGLES ENTRIES SELECTED New York, March 26.—Eight of the 67 players entered were selected today in the draw for the national men's indoor singles tennis championship which starts next Saturday at the seventh regiment armory.

Headline of the list are Vincent of Yonkers, defending champion and Francis T. Hunter of New Rochelle 1922 title holder.

Be on hand for the GRAND MARCH at Auto Inn tonight.

JOSH HAS HIS SAY Josh Billings, sent by the St. Louis Browns to the Los Angeles club of the Pacific Coast League, says he is a better catcher than half of the receivers holding down berths in the majors. Now that he is to catch regularly he says he will prove it.

NOTICE TO CONTRACTORS Sealed bids will be received by the Board of County Commissioners of Morgan county, Illinois, at their office, in the court house, Jacksonville, Ill., until the hour of 10 o'clock a. m., Saturday, March 29th, 1924, for the digging and laying of a three inch cast iron water main from the spillway of the Manxville lake dam to the Oak Lawn Sanitarium, approximately 1,200 feet. A certified check for 10 percent of the amount of each bid shall accompany each proposal made payable to the County Clerk of Morgan county. The Commissioners reserve the right to reject any or all bids. For further information, address County Clerk.

## RIVAL LEAGUES TREAT HOLDOUTS VERY DIFFERENT

(By N.E.A. Service)

NEW YORK, (AP)—These are days of the holdouts in baseball. With most of the squads set for the southern getaway, it is as yet signed for the season are being made known.

In a great many cases the salary difference is small and will be easily adjusted. Some of the minor leaguers who were purloined at a fancy price are demanding a part of the salary money. Most disputes may be harder to adjust.

It is a rather interesting fact that the two big leagues are handling the holdout situation in an entirely different manner.

The American League does not let a player report to the training camp and start work until he has signed a contract.

In the National League, if the player is a valuable man, he is led to report to talk matters over.

The New York Nationals have more holdouts than any club in the National League, while the New York Yankees lead in that respect in the American.

FANS ALL WATCHING FOR TY COBB TO SLIP Question Arises Whether Coming Season Will Be His Last as Active Player—Betting Eye Still Good

DETROIT, (AP)—Ty Cobb, manager of the Detroit Tigers, has been attracting the attention of baseball fans since his second year in the American League. That was back in 1906. He joined the Tigers the year before much the same as any other breaks in the big leagues, but it did not take the Georgia Peach long to demonstrate that he was quite different from the ordinary rookie.

During the 1905 season Cobb failed to hit in the 200 class. Since then he has not failed to hit in the select circle of batters. Next spring the Tiger leader will begin his 20th season with the Detroit team and he is attracting nearly as much attention as he did when he was earning his reputation as the greatest all-around player in the game. However, the attention he now is attracting is a little different. Baseball fans have become accustomed to Cobb batting .200, but now they are asking, "Is Cobb showing up?"

"Will Cobb bat .300 next season?" "Will next season be Cobb's last as an active player?" To the first question the answer is "Yes," without qualification. Baseball players in the major leagues are regarded as old at 35. Few of them ever attain the age of 40 in the big show. Cobb is between those two figures, hence there is no doubt that he has slowed up considerably from the years when it was regarded as an ordinary feat for him to steal not only second, but third base.

There is no reason why Cobb should not bat .300 next season. He has done it for 18 consecutive seasons and by doing it last year established himself as the only player in the history of the major leagues who has hit for .300 or better for 18 years in a row. The late Captain A. C. Anson did it 20 years, but there was a break of two years in each of which he fell below .300.

Whether the next campaign will be Cobb's last as an active player is up to Cobb himself. Judging from his physical condition he should be able to play the outfield for at least three more years, barring accident. He has threatened to retire as an active player and whether he will carry out that threat at the close of next season time only can tell.

## MARNEY LONG'S RECORD

Back in 1900, Marney Long ran the 440 yards straightway in 47 seconds flat. That was nearly a quarter of a century ago, but even so the record still stands. Down through the years America has had many great quarter mile runners, but none have been able to lower the record held up by Long in 1900. It is one of the oldest existing marks on the athletic books.

## Market Report

PRICES MOVE LOWER  
IN DULL SESSION

## FINANCIAL

Total stock sales, \$16,500 shares. Twenty-four trials averaged 91.75. One low, net loss 30. High 1924, 101.21; previous low 91.88. Twenty railroads averaged 142.75, net gain 92. High 1924, 149.96; low 127.74. Total bond sales, par value \$10,928,000.

NEW YORK March 26. Stock prices moved irregularly lower in today's relatively dull session. Considerable readjustment of speculative accounts resulted in a confused movement of prices, special weakness cropped out in American Gas which was hammered down from five points and in the tobacco issue.

The fall of the Pontiac minority passed practically unnoticed in the foreign exchange market. French francs, holding firm around yesterday's closing prices, suffered little money rates, which reached 52 per cent, contributed somewhat to the day's selling.

Steel shares, held relatively firm on reports of the weekly trade review, that production was still at a high rate.

U. S. Steel common closed unchanged at 98.

Speculative interest in the market was practically monopolized by American Gas, transactions which exceeded 125,000 shares, or about 20 per cent of the day's total business. Gas touched 104, only 1 above the high of the previous day, attributed largely to professional traders. Stability of the railroad shares was in marked contrast with the unsettledness in the industrial list. Strong buying support for the rails was based in part on the unusually favorable earnings statements now making their appearance. Two score industrial issues created new prices for the year, including Chandler Motors, Mack Truck, Joseph Magneto and Tobacco Products A.

Standard under pressure for the last week, rallied a point. Call money opened at 4 per cent and successively advanced to 12, 13, and 14, where it closed. French francs ended around 5 1/2 cents.

## Lower Price Level on These Shoes for Spring Season

The notable growth of demand for comfort and wear in a good looking shoe has made possible a reduction in the regular price scale of the Cantilever Shoe. The lower prices went into effect March 15th.

Cantilever stores and dealers in 550 cities have combined with the manufacturer to reduce costs of distribution so that more people can enjoy these well-known shoes. The increased volume of production has resulted in "factory overhead" economies with no change of quality. The same high-grade materials, fine workmanship and scientific shoe construction are available now at lower prices.

We hardly think that the Government will file any complaint against Cantilever factory and agencies in this concerted movement to give the public lower prices on a trademarked shoe that has earned a fine reputation for comfort, service and health combined with dignified style.

This announcement is made at the opening of the Spring Season so that the advantage of buying the

may be available to all our regular customers, as well as to many new friends. You will find richness of appearance, real shoe comfort and genuine economy in Cantilever Shoes. Sold in Jacksonville only at our store.

### I. C. BAND SOON TO GIVE CONCERT

The annual concert of the Illinois College Band is announced for Tuesday evening, April 1, to be given at the High School auditorium.

The band, organized three years ago, has some steady members and under the direction of Mr. Bart Johnson, whose efforts have developed it into a musical organization that is capable of presenting the best in the way of a concert, as well as meeting the demands made upon it as a college band.

The band leaves today for Carrollton, where it will present the first of its series of concerts, repeating the program for White Hall audiences, Friday night, and making its final

concert appearance with the same program with some variations, before the Jacksonville people on Tuesday. In addition to the band, selections, Willard Rudendall will play a violin solo, Ollie Parker will sing and a quartet composed of Martin Parker, Hart and Rudendall, will entertain with some high class vocal work. The concert reports consist of both overture and popular numbers.

**ATTEND CONCORD BURIAL.** The Misses Harriet Davis, Blanche Turley, Margaret Cottman and Mary Knudsen, members of the Philanthia class of the Central Christian church Sunday school attended the interment service of Miss Grace Fison which took place in Concord yesterday morning. Miss Fison was a member of the Philanthia class.

**Hear Hon. John H. Walker at the Auto Inn, 7:30, Friday night.**

**Women seeking the exclusive in a new Spring Dress will find it here. New styles arrive each week. Harry W. Goldstein & Co.**

### MASS MEETING HELD AT WAVERLY HALL

Col. O. C. Smith Addressed Large Audience in Support of Gov. Small's Candidacy.

Waverly, Ill. March 26. A mass meeting was held at the opera house tonight in the interest of Governor Small and more than 500 people attended. W. Z. Turnbull presided as chairman and the speaker was Col. O. C. Smith, managing director of the State School for the Deaf in Jacksonville.

The speaker said that so many charges had been made in this campaign that the real task for the voter is to get away from prejudice and down to the real facts. He discussed briefly the embezzlement charges made against the governor and said the best answer could be found in the court records, for after every resource of the prosecution had been exhausted the governor was quickly acquitted.

Col. Smith spent more time in discussing the charges against the governor of abuse of the pardon and parole power. He took up specifically each after case to show that the law had been followed and that in practically every instance in which a charge was made, that the governor had acted on the recommendation of the board of pardons and parole. The time was presented to substantiate the claim that the percentage of releases was not larger than during previous administrations.

Referring to the management of the state institutions and the operation of the department of public welfare, Col. Smith told facts about state institutions and invited the Waverly people to go to Jacksonville themselves, visit the state institutions, talk with Jacksonville people and find if there is truth in the charge that the institutions have broken down.

As indicated, the interest in the event was such that the auditorium, which seats more than 500 people, was filled to overflowing.

### LIBRARIANS HOLD DISTRICT CONFERENCE

The Illinois Regional Library Conference of this District is being held in White Hall today, with Miss Alice Williams and Miss Elizabeth Dunlop of the Public Library, Miss Anna Jackson, librarian of the School for the Deaf and Miss Lillian Hays, librarian of the High School among the delegates attending.

The morning session of the conference will be presided over by Miss Anna May Price, superintendent of Library Extension of the State of Illinois, and Miss Alice Williams of this city will preside over the afternoon conference hours.

During the meeting, the problems of the library will be taken up by the conference. Among the topics that will be discussed are books of non-fiction which will prove interesting to library readers, and the general ways in which the library can be improved.
